

HOW DO I REPORT?

Call 1-800-321-6742 or local OSHA office
 Report online at www.osha.gov/report_online

Provided by Amerisure Insurance & Besnard Insurance

Complying with OSHA's New Reporting Rule.

Remember:

1. An amputation consists of any injury involving bone loss. Loss of a tooth is not considered an amputation.
2. 'Lose an eye' speaks of the loss of the eye itself. Loss of sight does not warrant a call to OSHA.
3. Hospitalization means being admitted to the hospital. An emergency room visit where treatment is rendered and the employee leaves does not need to be reported to OSHA.
