### Is Your Property Safe from Trip and Falls?

Maintenance is key to preventing trip and falls on your property. Potholes, broken curbs, or uneven surfaces could cause someone to trip and fall. Something else to consider is making sure there is clear visual distinction between walking surfaces and any steps or change in elevation. An easy way to make sure your customers don't miss a step or stumble over a possible trip hazard is to paint object with a bright colored exterior rated paint with a non-slip additive.

## Preventing Hot Beverage Burns

Be sure your team always follows the approved procedure for coffee, including:

- ◆ Carefully and securely attach lid by pressing it firmly onto the cup and running your thumbs along the edge of the lid
- ◆ Take care to avoid splashing yourself or others
- ◆ Never pick up or hold the cup by the lid
- ◆ Announce that product is hot before hand-off
- ◆ **Ensure careful & proper hand-off to the customer**

## Reporting Maintenance Issues Immediately

- ◆ Check equipment and furniture regularly for potential hazards.
- ◆ Take damaged equipment or furniture out of service or block area off completely with a cone, sign, and warning tape.
- ◆ Inspect toilet paper dispensers, toilet seats, changing tables, high chairs, and bathroom door finger guards regularly.
- ◆ If you see spills on the floor or in the parking lot, clean them up and/or report the unsafe condition promptly to management.
- ◆ Parking lots: report cracks, potholes, and other trip hazards immediately to management.
